

SEP 26 1963

Ed' M9 EO A E 100

Dear Mr. Kirkpatrick:

The Counterinsurgency Subcourse for the Senior and Junior Schools here at Quantico is scheduled for December this year. I take great pleasure in inviting you to address the staff and students on 17 December 1963 on the subject, "Intelligence in Counterinsurgency."

This instruction is scheduled from 0930 to 1120. A presentation similar to that which you made to last year's classes would be most satisfactory. We would like to follow the same routine as during your last visit; that is, a one-hour lecture followed by a short break and with at least 30 minutes of the second hour devoted to a question and answer period.

Your audience will consist of approximately 350 officers from all United States armed services, ranging in rank from captain to colonel. All these officers possess TOP SECRET clearance. We plan to exclude the foreign officers from your lecture in order for you to have more latitude in your remarks.

Your escort officer during your visit will be Colonel R. E. Snider. He may be reached via Code 136, extension 2-2756 at Marine Corps Schools. Please feel free to request his assistance in the preparation of training aids or in regard to content and coverage of instructional material. Colonel Snider will also be glad to call on you at a location which you designate should you so desire.

I hope that your schedule will allow you to accept this invitation and that we may again have the pleasure of welcoming you to Quantico.

Sincerely,

R. C. MANGRUM
Major General, U. S. Marine Corps
Acting

Mr. Lyman B. Kirkpatrick
